

September 13, 1993

I am sending the attached form to the RCRA facility file for the purpose of documenting changes made to the RCRIS database for Missouri State LQG facilities.

The status for this facility was changed in RCRIS per the attached verification form and documentation. The form was developed by DPRA contractors for EPA and reviewed/approved by the EPA RCRA Branch Chief and RCOM Compliance Section Missouri Coordinator.

The form was mailed out with a cover letter to the Missouri LQG's. The cover letter was approved by EPA Headquarters. The cover letter asked the facility to confirm their status by filling out the attached verification form. The forms were used to update the facility status in the RCRIS database.
